

Accounting	36
Bachelor of Science	MONTHS
<p>Available Online: This program is delivered fully online. California Locations: National City, San Diego, San Marcos</p> <p>Accounting Job Outlook Accountants and auditors provide vital financial services, analyzing financial information not only for companies, but individual clients, and federal, state, and local governments. Plus, the number of businesses continues to increase, financial laws and corporate governance regulations are changing, and increased scrutiny is being placed on a company's accountability to its stakeholders.</p> <p>As a result of these changes, employment of accountants and auditors is expected to grow by 22 percent between 2008 and 2018—much faster than average employment growth, according to the Bureau of Labor Statistics.</p> <p>(Source: Bureau of Labor Statistics, U.S. Department of Labor, Occupational Outlook Handbook, 2010-11 Edition, Accountants and Auditors, on the Internet at http://www.bls.gov/oco/ocos001.htm)</p> <p>Bachelors in Accounting A bachelors in accounting degree is essential to launch careers in the accounting field. The bachelor of science in accounting at California College San Diego focuses on the fundamentals an accountant needs to be successful, including the principles of federal taxation, auditing, and accounting. Individuals who are looking for accounting degrees online or at a campus should consider the Accounting program at California College San Diego.</p> <p>Starting Salaries for Accountants According to a salary survey conducted by the National Association of Colleges and Employers, in September 2010 bachelor's degree candidates in accounting received starting offers averaging \$48,378 a year</p> <p>(Source: National Association of Colleges and Employers, NACE Salary Survey, Fall 2010)</p> <p>Accountants and auditors usually receive standard benefits, including health and medical insurance, life insurance, a 401(k) plan, and paid annual leave. These benefits could help you and your family live healthier, happier lives.</p> <p>Accounting Related Careers In addition to preparing graduates for careers as accountants or auditors, a bachelors in accounting degree could open a number of opportunities in a variety of fields. Graduates with a bachelors in accounting can often land positions as budget analysts, cost estimators, financial analysts, loan officers, personal financial advisors, tax examiners, tax collectors, or tax revenue agents.</p>	<p>May be completed in as few as 30 months under a flexible accelerated schedule.</p>
